ACTION POINTS FOR GIVTREE TO SCHOOLS (GivTree2Schools) VOLUNTEERS.

TIME TO GIVE TREE TO SCHOOLS

If we all cannot quantify the love we have for our alma mater, how comes the schools we all attended are not getting the desired attention and care from us?

We must not feel too important to go back to where we all started even it is for the sake of beautiful memories of those good old days. After all, we all wish to hear those missing voices again and again. So, let us remember how we use to run, jump and play with some of us that have gone.

Now that we are in this position, let us create those images that we represent and provide beautiful shades with trees and nourish the kids with their fruits.

Let us design the future and GivTree2Schools to help nurture their future. It is time to GivTree2Schools in our communities across Africa.

3 STEPS TO FINISH PREPARATION

1. **Download** and **print** the GivFree Africa Volunteer project **ID Card** and "TO WHOM IT MAY CONCERN" **document** to be delivered to your preferred or choice school you mentioned or listed in the Group.

2. Approach the School for the 1st time (maybe) to **introduce yourself**, the **GivTree2School project** and **hand over** the "TO WHOM IT MAY CONCERN" document to the **most appropriate** office or person.
   Note: You will need to remind the school of the need to get immediate feedback/reply via an SMS or WhatsApp that MUST hit or drop into GivFree Africa's message box.

3. Preparation to Set up **GivTree School Club**:
   Arrange and **agree** on the date & time to **meet** the rest of **2 Volunteers** (if any), **2 teachers** (to be nominated as club masters plus School Head as Patron and PTA officials as Grand Patrons), and **take photos** and **send** to WhatsApp group as a **sign** and evidence of conclusion.

The 1st 20 schools to get to this stage, will be reimbursed with N50,000 support grants from GivFree Africa.

Finally, this is the stage we will create a page for every school on the GivFree Africa website for subsequent updates and progress reports.
